## CCSS are OTW

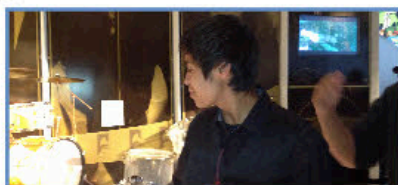

*What are the Common Core State Standards?*

The CCSS are on the way. For example in English each year in their writing, students should demonstrate increasing sophistication in all aspects of language use, from vocabulary and syntax to the development and organization of ideas, and they should address increasingly demanding content and sources. Students advancing through the grades are expected to meet each year's grade-specific standards and retain or further develop skills and understandings mastered in preceding grades.

## Welcome

Many people can complete different tasks well independently, but when united into one group they can complete outstanding tasks. The Academy of Finance is made up of many students and teachers working to keep up their name and to make it the best, helping one another when it gets rough, or just having fun and learning all together.

## How it All Happens

### Teamwork with Parents!

All the Academy classes work together efficiently and effectively like a big family trying to keep each other up. Parents can help too by-

- talking often with their teenagers about school;
- helping them make plans for post-secondary education; and
- keeping them focused on learning and home work during the school year. [more>](#)

### Great Things Are Happening in the

#### AOF

"While interning at **KPMG**, I worked in different departments such as *Records, Operations, Graphics, Scheduling, Tax and Audit* for about two or three weeks each. I networked and made long-lasting friendships. This experience has broadened my horizons and now I'm sure I want to become a CPA"  
-- Susie, former Foshay AOF accounting major at UCLA) [more>](#)

### The Academy of Finance (AOF) is one of three Success

Teamwork leads to success and failure can only come when the team fails to be one. That is the reason why AOF is successful, for ms bright students, and prepares them to be part of the real working world. **Deborah, Class of '09** [more>](#)
